

DAG ALBERT EVENTING CLINICS

Saturday 16th January

Sunday 28th February

Sunday 14th March

Dag Albert rides as part of the Swedish Event Team and competed at the Olympic Games last year. His first major success was becoming Junior Swedish Eventing Champion in 1987 and he then went on to represent his country as a young rider and then as a senior in the Atlanta Olympics. He has competed at Badminton, Blenheim and Burghley.

Dag's friendly approach to training horse and rider is enjoyed by novice riders who are having fun competing at lower levels to the under 25s Swedish Eventing Team. His understanding way of getting the best from horse and rider on the flat and over both show jumping and cross country fences makes learning a very enjoyable experience.

He will be teaching small groups of people in our all-weather ménage using portable cross country jumps or on our cross country course, depending on the weather.

Cost £40
